

CONNECTICUT PARTNERSHIP FOR
BALANCED GROWTH

Membership

Our vision:

Connecticut can strike a balance between development and conservation. We've come together with a shared belief that growth and development are essential to economic prosperity. We also know that some places need to be preserved. We can and must do both. We believe that in conservation and development, all types of land-use planning tools should be considered, including "responsible growth" principles. At the same time, we want to make certain that evolving "responsible growth" principles don't come to mean "no growth" for Connecticut, but instead provide citizens with reasonable choices for where they want to live, work, play and shop.

Our membership is wide open to all who share this vision:

Citizens, businesses, associations, developers, architects, home builders, planners, retailers, engineers, architects, attorneys, municipal and government officials, chambers of commerce, and concerned community groups.

Your membership brings these benefits:

-  a strong voice for a policy of balanced growth at the Capitol and in the media,
-  a network with community and industry leaders who support balanced growth,
-  the leveraged resources of a broad-based grassroots coalition,
-  e-mail alerts on hot topics and discounts for special programs we'll offer, including luncheon panel discussions and educational programs,
-  Bronze level (and above) supports are eligible for Advisory Committee and Legislative Committee seats.

Please join us.
